

LED Flexi Wall washer

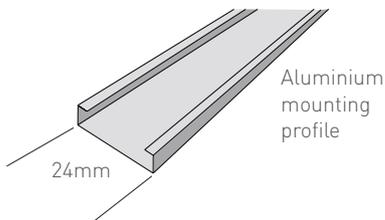

TECLED's robust LED Flexi wall washer offers a versatile solution to exterior facade and wall lighting, not only in its ability to closely follow curved architectural features but also in the range of colours it can emit.

Available in running lengths of 5 metres, it is rated IP67 and boasts a high concentration of LED chips.

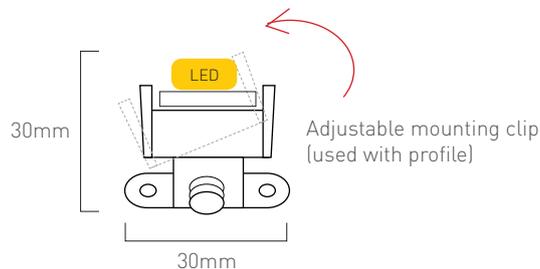

Full range of fittings and accessories available:

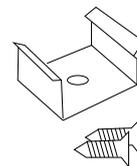

1m aluminium housing profile • Mounting clips • Angled mounting clips • Holding clips • Closed endcaps

Aluminium mounting profile

Adjustable mounting clip (used with profile)

Standard mounting clip
